AIAG.org

PROGRAM OVERVIEW

THE PROGRAM

This certificate program is designed to provide participants with an in-depth understanding of supply chain topics and issues in the context of the global vehicle industry.

In addition to exploring new manufacturing and logistics technologies, participants will learn about a broad range of vehicle industry oriented supply chain management (SCM) topics: SCM strategy, SCM finance, forecasting, negotiations, procurement strategy, supplier development, corporate responsibility, cybersecurity, risk management, production operations, quality management processes and Six Sigma, trade management, logistics and transportation management.

FACULTY AND PROGRAM STRUCTURE

The delivery mode for the 2022 program will be Live Virtual from February - June 2022. Dependent on the status of the pandemic, Live Virtual and face-to-face sessions will be offered the second half of the year, beginning in September 2022. At this point – since networking is an important component of the class – participants located within 50 miles of AIAG’s headquarters in Southfield, Michigan are encouraged to attend in person, dependent on our ability to provide a safe classroom environment according to state regulations.

Program faculty consists of a combination of supply chain academia and industry professionals. To provide the most comprehensive educational experience for all students, sessions include a mix of classroom discussions and lectures, a company related project and presentation, cases, tours, internet sessions, and simulations.

PROGRAM ADMINISTRATION

In its entirety, the program consists of 23 classroom sessions held over the course of a year, with separate winter and fall terms. Sessions are held on Thursday afternoons/evenings from 3:30 - 7:00 p.m., with break weeks throughout the year to allow for travel, personal time, etc.

PROSPECTIVE STUDENTS

The certificate program is intended for high potential candidates from a variety of vehicle industry OEM, Tier 1 and sub-tier, 3PL, service and carrier organizations. Typically, students perform manufacturing, marketing, engineering, purchasing, logistics or trade management functions, and may be relatively new to supply chain functions, or may have previously attended other supply chain programs not focused on vehicle industry issues.

PROGRAM SCHEDULE

WINTER SESSION

PROGRAM SPONSORS

ABOUT THE SPONSORS

The Vehicle Industry SCM Certificate Program is a joint offering from Mike Ilitch School of Business' Supply Chain Program, and the Automotive Industry Action Group (AIAG).

AIAG is the industry's premier supply chain organization, with leading education programs covering a wide variety of supply chain and other industry subject areas.

The Mike Ilitch School of Business' Supply Chain Program focuses on the vehicle industry and consists of tenure track faculty and a number of industry adjuncts. There are over 450 undergraduate supply chain majors and 160 MBA supply chain concentrators.

A two-story stand-alone facility, AIAG's new office is part of the Southfield Town Center complex off of Evergreen Road. This move came in response to AIAG membership growth (along with related staff growth) and the necessity of planning ahead as our numbers continue to increase.

The new Mike Ilitch School of Business building was made possible by a \$40 million lead investment from Mike and Marian Ilitch. The gift is the largest in WSU history and ranks as one of the top ten gifts ever to name a public business school in the United States.

Automotive Industry Action Group
P.O. Box 633719
Cincinnati, OH 45263-3719

* If registering by mail, the registration must be received no later than 15 days prior to the scheduled class date.

Please read the following information before submitting your registration

- AIAG reserves the right to cancel any class due to low enrollment and/or other circumstances beyond the control of AIAG. In the event that a class is cancelled, all registered attendees will be notified no less than 10 business days before the scheduled class date. AIAG is not responsible for airfare, lodging or other related expenses incurred on behalf of class registrants.
- AIAG is unable to reserve seats without payment. Full payment or an approved P.O. must be submitted with your registration.
- Please use one registration form per person. Make copies of this form for additional attendees.
- CANCELLATION POLICY: Requests for cancellations or transfers must be submitted in writing and faxed to 248 799-7995 or emailed to trainingcontact@aiag.org. Registrations cancelled 11 or more business days prior to the course date will receive a refund for the amount of the class minus an administrative fee. Administrative fees are printed on the course confirmation letter or can be obtained by contacting the Customer Service Department. Registrations cancelled less than 11 business days prior to the course date, as well as registrants who do not attend their scheduled course, will forfeit the full registration fee. One transfer request is allowed and must be received at least 5 business days prior to the course date. Substitutions are permitted at any time.
- AIAG complies with required Office of Foreign Asset Control (OFAC) regulations.
